Description

The CabKing 6" cabbing machine has everything you need to grind and polish rocks to create cabochons for necklaces, earrings, rings and other jewelry pieces. This cabbing machine is also excellent for polishing glass, synthetic material and metals. Whether you're a beginner, lapidary hobbyist or jewelry making pro, the CabKing 6" cabbing machine is easy to use for every skill level.

The CabKing 6" cabbing machine features 6" diameter diamond wheels that complete the entire rough-to-polish process. With features such as our simplified drainage set-up, 1/4 hp direct drive motor and clean, adjustable water system, it's no wonder CabKings are favored over other cabbing units.

This machine comes shipped with everything you need to start cabbing. View our [video tutorials](#) to see the CabKing 6" cabbing machine in action.
